

Product 2021 catalog.

Bike components.

Proud.

Proud of our parents, who were the founders of our family business “Elvedes”. It all started off in 1965 as a trading company for moped parts, and later specialized in custom made cables for mopeds, bicycles and all kinds of appliances. Since then, our company has expanded its cable manufacturing business with a large selection of high quality bike components.

Proud to have a modern facility to offer our people a safe, professional and happy workplace. We believe this keeps our team healthy and committed to their job.

Proud to have a very passionate and competent team. Though all team members have their own area of expertise, they never lose sight of the bigger picture. Collectively they strive to keep a harmonious working environment to deliver the best results.

Proud of our producing partners all over the world, who manufacture high quality Elvedes products in well-equipped factories. Together we concentrate on the needs of the market and are always innovating to provide the smartest solutions.

Proud to have enthusiastic and dedicated distribution partners, who take a lot of care in introducing and expanding the Elvedes brand in their countries in the best way they can.

Proud to serve dealers worldwide with durable, easy to use products, with which they can help their customers back on the road safely and satisfied. It is these dealers’ feedback which we love to listen to, so we can keep improving our products and service every day.

Proud to be part of this family business.

Peter and Carl van der Spruijt

Design by smaac.nl

Add quality and comfort to your workplace.

Elvedes has been contributing to the comfort of bicycle repairers for more than fifty-five years. Your specialist in bike components develops innovative solutions for day-to-day problems in the workshop, with the successful displays for bicycle repairers as the best known solution. Our products can be organised in a compact way in these metal displays, so that bicycle repairers can find the right part quickly and easily.

Ask your wholesaler for the complete Elvedes range, including the displays. Benefit from our attractive campaign: if you order a filled display now, you will receive the display free of charge.

Practical in use

Elvedes currently offers six displays for the workshop: the “Boxer” for cables, the “Partner” for cable parts, the “Caddy” for rim brake pads, the “Discovery” and “Padfinder” for disc brake pads and the “Charger” for bearings. Each display puts the bicycle repairer’s comfort first. The display for disc brake pads, for example, includes a poster with full-size images of all occurring models. When you put the worn disc brake pad onto the poster, you will immediately see the article you need to replace it with. On the basis of the article number you will quickly find the part in the display. The “Boxer” cable display also has many clever details. The packaging in the display has a handy roll-off mechanism, so you can easily unroll the cables and cut them to size. It is also possible to attach the “Partner” display with cable parts to the “Boxer” cable display. That means you have all the parts you need to replace cables clearly organised.

Calm and convenience

The tidy, easy-to-use displays of Elvedes introduce order, calm and efficiency to your workshop. Moreover, all the displays can be refilled: it is very easy to place repeat orders for all parts. As Elvedes has a very broad range of bike components, you will always find what you are looking for. All products have been made from high-quality materials. This means you know you’ll get the best quality at a competitive price.

Elvedes: specialist since 1965

Since its foundation in 1965, our family business has developed into a well known global specialist in bike components. In the EU alone, as many as 2500 bicycle dealers have one or more Elvedes displays in their workshop. The most important reason for our success? For fifty-five years, Elvedes has been listening to what bicycle repairers want and has been responding with practical, efficient solutions for the workshop. We always aim to meet your needs!

Workshop displays.

Cable kits

All cable kits fit:

Shimano
Campagnolo
SRAM

Pro-line cable kits are for riders with the highest expectations!

- 30 - 40% lighter outer cables compared to regular outer cables.
- Linear braided brake cable for extreme braking power.
- Electroless stainless nickel plated inner cables for extreme low friction.
- Pre-stretched inner cables for direct control and hardly no adjustments.

How to extend the lifetime of your disc brake pads

Bedding-in brake pads extend the lifespan of the pads significantly! Gently squeeze the brake lever while riding and ensure that the pads just audibly touch the brake rotors. Ride for approximately 100 metres at a speed of $\pm 25\text{km/h}$ and then squeeze a little harder to decrease the speed to approximately 5km/h . Then slowly increase the speed again while gently squeezing the brakes and repeat ten to twelve times to ensure the pads are well worn in.

Organic (resin) compound

- Developed for dry conditions
- Excellent for MTB / trekking bike / racing bike
- Steel backplate

Sintered (metal) compound

- Developed for wet and muddy conditions
- Excellent for MTB
- Steel backplate

Metallic carbon (semi-metal) compound

- Developed for dry and wet conditions
- Excellent for E-Bike / cargo bike
- Steel backplate

Pulley wheels.

Pulley wheels 2 x 10 teeth

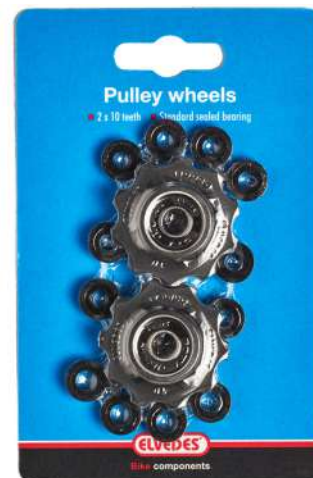

CP2017231

1 set including spacers
Standard sealed bearings

ABEC 3
Extra grease

Spacer specification

- A: Fits Shimano 8 speed
- B: Fits Shimano 7 speed,
Fits Campagnolo 8 speed
- C: Fits Campagnolo 9/10 speed
- D: Fits SRAM (one hole upper pulley)
9.0 ('97/'98), 9.0SL ('98), 7.0
('97/'98) and 5.0 ('98/'99)

Pulley wheels 2 x 11 teeth

CP2017086

1 set including spacers
Standard sealed bearings

ABEC 3
Extra grease

Spacer specification

- A: Fits Shimano 8/9/10/11 speed
- B: Fits Shimano 7 speed,
Fits Campagnolo 8 speed
- C: Fits Campagnolo 9/10 speed
- D: Fits SRAM 7.0/9.0 '97 -'99

2017086-BOX

10 sets + spacers

ABEC 3
Extra grease

Spacer specification

- A: Fits Shimano 8/9/10/11 speed
- B: Fits Shimano 7 speed,
Fits Campagnolo 8 speed
- C: Fits Campagnolo 9/10 speed
- D: Fits SRAM 7.0/9.0 '97 -'99

Pulley wheels.

Pulley wheels 2 x 11 teeth

CP2017100

Internal cable guider

2018057

Accessories included.
For more liners see page 27

2019270

Accessories replacement set

Magnetic pull wire	
Pull wire	
Magnet connector	
DI2 adapter	
Cable and hose adapter	
Inner cable adapter	

Mechanic headlight

2019040

For perfect visibility during internal
cable guiding and frame inspection

Zoom in/out function

Batteries not included
(requires 4x AAA)

Pick-up magnet tool

2020096

For easily picking up internal cables,
steel bearing balls and more

40 mm

O-ring / seal removal tool set

2020202

Specially designed for easily
removing and replacing
o-rings and bearing seals

Inner wire tension tool

2019041

For shift and brake inner wires

Multi center-lock adapter tool

2018026

Multi-tool for disc
brake and centra-lock

Disc alignment tool

2019043

Hydro tools.

Bleeding kit

2012095

For mineral and DOT oil. Including all adapters for Shimano, Magura, Hayes, Avid / SRAM, Formula, Tektro and Elvedes.

Bleed adapter set

2020095	Shimano		2020224	SRAM/ Avid	
2018043	Magura		2018047	Hayes	
2018044	Tektro		2018048	Elvedes HP-4000	
2018045	Formula				

Oil syringes

2018040

Mineral oil syringes
2pcs

2018041

D.O.T. oil syringes
2pcs

Snap-on crows foot 8mm

2020094

For compression bolts
(8 mm)

Fits 1/4" torque wrench

End press

2017159

Presses needles and banjos fast and easily into hydraulic hose.

Not suitable for Magura HS11/33

2018112

Spare needle driver

Open ring wrench 7/8

2017056

Specially designed for Shimano bleed bolt (7mm)
For easy access to the lever and caliper bolt (8 mm).

Not suitable for Magura HS11/33

Hose cutter consumer

2019042

For smooth and burr-free cutted hydraulic hose. Prevents leakage and damage of the hydraulic hose.

For consumer use.

Replacement blade included inside plastic body

Hose cutter professional

2019124

For smooth and burr-free cutted hydraulic hose. Prevents leakage and damage of the hydraulic hose.

For professional use.

2019232

Replacement blade

Bottom bracket tools.

Wrench

2018086

Bottom bracket wrench for all Elvedes twist fit and thread fit systems

16-notch/44mm
12-notch/48.5mm

Fits Elvedes systems

Fits Hollowtech-II

Twist fit tool kit

2018087

Tool kit to (dis)assemble all Elvedes twist fit, thread fit and SRAM DUB bottom brackets

Dimensions casing
36 x 27 x 7.5 cm

Fits Elvedes systems

Fits Hollowtech-II
